No. 2912-20—CIR. 47, DATED 10TH JUNE 1891.

ORDER THEREON.—The Proceedings of the late Chief Commissioner, No. 4712—67, dated 19th November 1873, and No. 4831—R. 316, dated 3rd October 1874, laid down rules for dealing with excesses in Inams granted for the up-keep of Chattrams, Musafirkhanas, Topes and Avenue trees under the terms of the Commissioner's Circular No. 15, dated 22nd July 1846. Under these Rules, an area of land bearing Survey assessment equal to the value of the grant, as represented by the old assessment, is confirmed to the Inamdar, together with an allowance of 10 per cent, and all excess is charged with full assessment.

2. These Rules have operated with great hardship on the Inamdars concerned, and have been the subject of great complaint. The Government of His Highness the Maharaja have given very careful consideration to the subject and have come to the conclusion that the principle of dealing with the Inams in question exclusively upon the basis of their assessment as fixed at the time of the grant, is not correct. As a rule, these grants have been recorded in units of area ascertained at the time by actual measurement, and in most cases defined by boundaries more or less identifiable, and it is but fair that the Inams should be dealt with upon the basis of area as recorded in the sannads and accounts, and that where the boundaries are clearly defined and identifiable, existing enjoyment should not be interfered with.

3. As to any difference which may be found to exist between the area specified in the sannad and that ascertained by Survey, it has been suggested that as in the case of minor Inams, 50 per cent of the excess should be left free to the Inamdars, the remainder alone being subjected to assessment. As pointed out by Colonel Grant, the analogy hardly holds good. The Inams under disposal are comparatively modern grants based on actual measurement, and recorded in units of area, and not on estimated area or area in bijvari ; so that great variations in area cannot be attributed entirely to error in measurement, or to have arisen without fraud or collusion on the part of the grantees themselves. Under all the circumstances of the case, and with every disposition to deal with these grants liberally in view of the charitable purposes for which the Inams were granted, the Government are of opinion that an allowance of 25 per cent will be sufficient and suitable.

4. The following rules are accordingly laid down for the guidance of the Survey and Inam Departments in dealing with the Inams under reference, in supersession of those prescribed by the Proceedings of 19th November 1873 and 3rd October 1874. They will also be published in the Government Gazette, for public information.

I. Inams granted for the up-keep of Chattrams, Musafirkhanas, Topes and Avenue trees under the terms of the late Commissioner's Circular of 22nd July 1846 will be confirmed in full where the boundary marks specified in the sannads are clear, or where otherwise there is no doubt regarding the correct position of the land originally granted. But where the boundary marks are not clear or doubts exist regarding the correct position of the lands originally granted, the Inams will only be confirmed up to the area specified in the original sannads and old accounts, plus 25 per cent, the surplus being brought under full assessment.

II. When the area now actually held as Inam is less than the area specified in the original sannad, the deficiency will not be made good.

III. Out of any individual survey number hitherto enjoyed as Inam, all excess over and above the extent confirmed as Inam under Rule I shall be treated as Government land and charged with full assessment. When such excess does not exceed Rs. 5 in survey valuation, it shall be treated as part of the Inam and the amount charged as Jodi. When however such excess exceeds Rs. 5 in survey valuation, it shall be measured into a separate survey field and treated in all respects as Government land.

IV. The extent confirmed as Inam under these Rules shall be entered in the Akarband and village accounts as dry crop land, whatever the description of the land may be. Provided that if the Inamdar uses water, the product of a Government work, he shall pay water-rate at the prescribed rates.

5. The Survey and Inam Superintendent is requested to revise the settlement of the Inams under reference in accordance with the foregoing Rules and after completion of the revised settlement, to submit, for record in the Dewan's office, a statement in the accompanying form showing the results of such settlement.

NOTIFICATION.

No. XX. *The 24th March* 1893.

No. 16256—*R. F.* 295-92.—In explanation of the orders contained in Proceedings of Government No. 2872-81—Circular 28, dated 19th May 1892, and in continuation of the Revised Rules for the treatment of excesses in Chattram, &c., Inams published with Government Notification No. 125, dated 10th June 1891, the Government are pleased to lay down the following additional Rules;—

1. Any excess over the area allowed by the first settlement made under the Rules of 1874, to which an Inamdar may be entitled under a revised settlement (under the Notification of 10th June 1891), shall be made good to him out of (as far as possible) the area resumed under the first settlement, where such resumed area is at the disposal of the Government or is surrendered for the purpose by the occupants thereof. But the revised settlement should not be made the occasion for the exchange of fresh for *available* old lands, at the mere option of the Inamdar,

2. Where however the resumed land is not available or the portion of it available is not sufficient, the excess or balance of the area required shall be granted out of Government unoccupied land, in the same or neighbouring villages equal as far as possible, in character, quality and value to the resumed land. All such assignments of fresh land should be reported for the information and confirmation of Government,

and 3. Where an adjustment in either of the two ways above specified be found not feasible, the case should be reported for the orders of Government, with a recommendation for the grant of an equivalent in land out of the Inamdar's private holding, if any, in the same or neighbouring villages or for a ready money Inam from the Treasury or for such other disposal as may be considered most appropriate.

No. XVII.

No. 16492-500-R. 2022, dated, Bangalore, 3rd April 1893.

Abstract.—The Deputy Commissioner is quite competent to give unassessed waste lands for garden cultivation under Appendix I of the Revenue Rules, if there are natural facilities such as running springs to make garden cultivation possible. Para 2 of the Government Proceedings, dated 4th June 1892, No. 4049-57—Cir. 65, is quite clear on the point, though the wording of Para 3 is not strictly accurate. Para 3 was only intended to convey that the Rules are applicable only to unoccupied garden lands and unassessed waste lands possessing natural advantages. Where the lands are assessed at dry rates by the Survey Department, they should always be granted at dry rates only, subject of course to water-rate, if Government water is used.

RULES REGARDING EXCESS IN CHATTRAM, &c., INAMS.

Notification.

No. XVIII. No. 125, dated 10th June 1891.

In supersession of the Rules contained in the late Chief Commissioner's Proceedings No. 4712—67, dated 19th November 1873, and No. 4831—R. 316, dated 3rd October 1874, the following Rules for the disposal of excesses in Inams granted for the up-keep of Chattrams, Musafarkhanas, Topes, and Avenue trees, under the terms of the late Chief Commissioner's Circular of the 22nd July 1846, are published for general information:—

I. Inams granted for the up-keep of Chattrams, Musafarkhanas, Topes and Avenue trees under the terms of the late Commissioner's Circular of 22nd July 1846 will be confirmed in full where the boundary marks specified in the sannads are clear, or where otherwise there is no doubt regarding the correct position of the land originally granted. But where the boundary marks are not clear or doubts exist regarding the correct position of the lands originally granted, the Inams will only be confirmed up to the area specified in the original sannads and old accounts plus 25 per cent, the surplus being brought under full assessment.

II. When the area now actually held as Inam is less than the area specified in the original sannad, the deficiency will not be made good.

III. Out of any individual survey number hitherto enjoyed as Inam, all excess over and above the extent confirmed as Inam under Rule I shall be treated as Government land and charged with full assessment. When such excess does not exceed Rs. 5 in survey valuation, it shall be treated as part of the Inam and the amount charged as Jodi. When however such excess exceeds Rs. 5 in survey valuation, it shall be measured into a separate survey field and treated in all respects as Government land.

IV. The extent confirmed as Inam under these Rules shall be entered in the Akarband and village accounts as dry crop land, whatever the description of the land may be. Provided that if the Inamdar uses water, the product of a Government work, he shall pay water-rate at the prescribed rates.

No. XIX.

No. 2872-81—Cir. 28, dated, Bangalore, 19th May 1892.

Order.—The excess area to which the Inamdars whose Inams have already been settled under the orders of 1874 may be entitled under the new rules of June 1891, must be made good by the grant of fresh lands. Where this arrangement is not possible, the case must be reported for the orders of Government, who will consider whether a money grant cannot be made in lieu. The Pattas already granted may be cancelled if the Pattadars agree.

SIR,

With reference to your docket No. 1441 R.F. 20.95 dated the 1st August 1895, calling for further information in re the refund of rupees 161.12.0 in favor of Venkata Raghavendra Does of Mysore, I beg to state as follows: —

2. Certain lands in the village of Bogadi, in the Mysore taluk, originally inam, were treated as Sirkar at the survey and settlement, but in the resettlement they were again treated as inam. In the interim the Khatedar paid rupees 171.13.9 towards the total assessment (viz. rupees 244.10.3) on the lands, of which rupees 161.12.0, were credited to

land

land, revenue and rupees 10-1-9 to local cess. According to the revised settlement the Khatedar had to pay for that period only a local cess of rupees 12-6-3. As rupees 10-1-9, have already been recovered, he has only to pay rupees 2-4-6, and it will be levied. But the first sum of rupees 161-12-0, had to be refunded to him. Therefore a refund bill was submitted for sanction.

3. The sanction of Government for the remission of rupees 65-5-0, the balance out of the total assessment of 214-10-3, has not as yet been obtained, but the amount has been entered in the remission list which will be submitted in due course.

3. The Khatedar has paid up all demands on the land in his Khata in the Bagadi Village.

4. The enclosures are returned.
